IV. Leadership

Council Structure

The Chief Local Elected Official appointed Liaison to the Tulare County Workforce Investment Board, Inc., is designated as a voting Director of the TCWIB.

By-Laws:

Article X: Meetings of the Board

Section 10.09: Voting. Each Director shall be entitled to one (1) vote and shall have the privilege of participating fully in the voting procedure, except when a Director's vote would have a direct bearing on services to be provided by, or would financially benefit that Director or any organization represented by that Director, thus creating the potential of conflict of interest. In such case, that Director shall refrain from discussion and/or vote on the subject matter. A Director shall not cast a vote on, participate in, or in any way attempt to use his or her official position to influence: (1) any decision on the provision of services by that Director (or any organization which the Director directly represents), or (2) any decision or matter which would provide direct financial benefit to that Director, or in which that Director knows or has reason to know that he or she, any member of that Director's immediate family, that Director's partner, or any organization which employs, or is about to employ, any of the same, has a financial or other interest; and, in each such case that Director shall disclose his or her disqualifying interest, and that fact shall be included in the minutes of the meeting.

- (a) In accordance with the Agreement Between The Tulare County Workforce Investment Board, Inc. and the Tulare county Board of Supervisors Establishing Roles and Responsibilities, Section II. C., define the Board of Supervisors designated liaison as an active participant in all TCWIB activities, who may participate in discussion, and may exercise voting authority and may count toward establishment of a quorum.

before four months from hearing date received.

JIMMY EXAMINE the file of the court, if you are person interested in the file you may file with the court a formal Request for a Notice of the filing of inventory and appraisal estate assets or of any claim or account as provided in section 1253 of the Probate Code. A list for Special Notice is available from the clerk.

CORRECTED NOTICE
SOUTHERN CALIFORNIA GAS COMPANY
NOTICE OF FILING OF LOW-INCOME and ENERGY EFFICIENCY APPLICATION Nos. A.05-06-012 and A.05-03-011

Some customers may have received a notice in their June 2005 gas bill regarding the proposed rate impacts in Applications 05-06-011 and 05-06-012. That notice contained errors. Please disregard any previous notice and refer to the corrected information on the proposed rate impacts in Applications 05-06-011 and 05-06-012 below.

This notice is to advise our customers of the filing of two applications, the timing of which is determined by the California Public Utilities Commission (CPUC). On June 1, 2005, Southern California Gas Company (SoCalGas) filed applications with the CPUC seeking approval of its programs and associated budgets for: Low Income Energy Efficiency (LIEE), California Alternate Rates for Energy (CARE) and Energy Efficiency. These programs are directed at helping customers use energy more efficiently, and in assisting qualified low-income customers with their energy bills. Each application will be described separately in this notice.

APPLICATION A.05-06-012, LOW-INCOME PROGRAMS

SoCalGas filed this application with the CPUC requesting approval of proposed 2006-2007 funding for the LIEE Program and administrative costs associated with the CARE Program. The LIEE and CARE programs are CPUC-authorized activities designed to assist low-income customers with their energy bills. The LIEE Program provides direct weatherization and energy-efficiency services. The CARE Program provides a 20% rate discount to income-qualified households on their gas bills. SoCalGas proposes that the LIEE Program budget be reduced by \$1.2 million, and the administrative budget for CARE be reduced by \$0.5 million, compared to the amounts recovered in present rates, which will result in a slight reduction in rates as shown below. This table shows the gas rate impact compared to present rates for only the proposed public purpose program (PPP) surcharge portion of the total bill.

APPLICATION A.05-06-011, ENERGY EFFICIENCY PROGRAMS

This application requests approval of SoCalGas' proposed 2005-2006 energy efficiency programs and budgets. The proposed program portfolio is designed to provide energy-efficient programs and services to all SoCalGas customers, help customers reduce their energy usage, and achieve the utility's energy savings and demand reduction goals established in Goals on 04-09-030. SoCalGas seeks approval of funding in the amounts of \$47.9 million, \$61.1 million, and \$73.5 million for 2005, 2006 and 2008, respectively.

If the Commission approves the 2006-2008 energy efficiency budgets, SoCalGas will adjust rates to reflect authorization of increased costs. Gas rates will increase by \$20.9 million in 2005, by \$34.1 million in 2007, and by \$45.5 million in 2008, compared to present rates, to fully fund the 2006-2008 authorized energy efficiency programs. SoCalGas requests that the proposed gas rate and revenue requirement increase become effective on January 1, 2006, or as soon thereafter as possible.

The tables below show the 2006 through 2008 gas rate impacts compared to present rates for only the proposed PPP surcharge portion of the total bill.
