TCWIB DIRECTIVE

TO: TCWIB Service Providers
    TCWIB Staff

SUBJECT: INTEGRATED REPORTING AND PROGRAM ACCOUNTABILITY

EXECUTIVE SUMMARY

Purpose:
The purpose of this directive is to provide the guidelines for job seeker data reporting and program accountability for the Tulare County Workforce Investment Board operations and One Stop contractors scheduled to begin operations July 1, 2009. Specifically, this directive addresses:

- Data element reporting across the three integrated programs: Wagner-Peyser (WPA), including the Veterans' programs, the Workforce Investment (WIA), and Trade Adjustment Assistance (TAA)

The paperwork retention requirements for the purpose of data element validation

- The definition of program accountability with an integrated customer pool across the specified programs

- The automated system options available to the Local Workforce Investment Area for data collection and, the requirements, if any, associated with each option

Scope:
This directive applies to the Tulare County Workforce Investment Board which has agreed to work in concert with the State in defining and evaluating options for integrated service delivery across the Department of Labor's three major workforce programs: WPA, including Veterans' programs, WIA, and TAA.

Effective Date:
This directive is effective July 1, 2009 or upon date of receipt if received prior.

TCWIB-IMPOSED REQUIREMENTS:

Tulare County Workforce Investment Board additional local requirements are noted in bold and underlined.

FILING INSTRUCTIONS:

Retain this directive until superseded.

BACKGROUND:

In early 2007, leadership from the Employment Development Department (EDD), the California Workforce Investment Board, and the Labor and Workforce Agency came together for the purpose of considering the development of an integrated service delivery model for California’s Workforce System and its One-Stop Career Centers. This group agreed that continued economic and fiscal pressures, coupled with higher demands for service and program accountability required a fundamental change in the California workforce services delivery system. With this objective in mind, an ambitious planning effort was launched which included representatives from 12 Local Workforce Investment Areas, the California Workforce Association, and various stakeholder groups. The Tulare County Workforce Investment Board has chosen to implement these congruently with the State.

The guidelines in this directive are intended to support the general program framework agreed to by the State-local partnership for integrated service delivery and to provide maximum flexibility while still supporting compliance with DOL data collection and reporting requirements.

POLICY AND PROCEDURES:

Tulare Workforce Investment Board and One Stop operators will report a single customer record for all customers receiving one or more services funded by the following programs:

<table>
<thead>
<tr>
<th>WAGNER-PEYSER ACT &amp; ASSOCIATED PROGRAMS</th>
<th>WORKFORCE INVESTMENT ACT</th>
<th>TRADE ADJUSTMENT ASSISTANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Labor Exchange</td>
<td>Adult</td>
<td>Trade Adjustment Assistance</td>
</tr>
<tr>
<td>Veterans</td>
<td>Dislocated Worker</td>
<td>Alternate Trade Adjustment Assistance</td>
</tr>
<tr>
<td>Migrant Seasonal Farm Workers</td>
<td>National Emergency Grants</td>
<td></td>
</tr>
</tbody>
</table>
Attachment 3 diagrams the general customer flow and the associated data collection requirements. Core services that entail significant staff assistance require enrollment of the customer and the additional applicable data collection detailed in Attachment 2. Significant staff assistance is defined based on the nature of the service not the amount of time involved. Services that assist the customer in deciding on appropriate next steps in the search for employment or related services, including assessment of an individual’s immediate employability and barriers to employment, are significant staff assisted services. Initial assessment or job placement assistance is a significant staff-assisted service and requires program enrollment and the collection of the applicable data detailed in Attachment 2. Since it is expected that all learning lab customers will receive an initial assessment, the data in Attachment 2 required for the Adult Customer Group should be collected on all customers.

The data elements detailed in Attachment 2 are typically collected through an Application Form. It has been standard business practice to require the customer to sign the Application Form attesting to the accuracy of the data on the Form. Because, as reflected in the requirements specified in Attachment 2 we are establishing a “paperless” customer flow, TCIW is not required to retain a signed hard copy of the customer’s Application or support documentation. However the TCIW has chosen to retain images of these documents through transition to a paperless status. Hard copy will be kept until a scanning process is chosen and implemented. Upon selection the TCIW Executive Director will inform those impacted of the method and process required.

Veterans Services
It is expected that veterans will be subject to the same customer flow as all customers entering the One-Stop or an affiliated site for skill development and job placement services. Veterans should receive priority of service and it is expected that, when appropriate, the learning lab customer flow will provide for the referral of a veteran to a Veterans Workforce Specialist (VWS) or a Veterans Employment Services Specialist (VESS) for staff-assisted intensive or training services. The data reporting requirements for Veterans served by a VESS and VWS are the same as those for all adult customers and should be done through the agreed upon Management Information System (MIS) option for the TCIW. The VESS and VWS staff will receive a special JTA Grant Code to facilitate the reporting of customers served by a VESS or VWS.

Veterans being served by a VESS or VWS under the Services to Veterans - Vocational Rehabilitation and Employment (VR&E) Program (Title 38 Code of Federal Regulations Chapter 31) outside the One-Stop Career Center system are beyond the scope of this directive. These customers, their services, and related case notes must continue to be reported in the Program Activity Support System (PASS).

If the VR&E customer receives services directly through the One-Stop Career Center system, the customer must be enrolled for services in accordance with the full requirements of this Directive. Unemployment Insurance (UI) Claimants with an Instruction to Report to a local One-Stop Career Center.

One Stop Staff must identify those clients who have entered the One-Stop Career Center with a notice to report to the Center in order to retain their UI benefits. These customers should be subject to the same customer flow and data reporting requirements as any other customer with one exception. Staff must enter the Activity Calendarizing and Event System (ACES) and, using the customer’s social security number and name, record that the individual is receiving assistance from the One-Stop Center as required. Failure to do this reporting will jeopardize the individual’s UI benefits.

Program Accountability
The TCIW is subject to the Adult Common Measures, including Entered Employment, Employment Retention, and Average Earnings. Attachment 4 provides a summary of the Common Measures definitions. The Common Measures are defined by the Department of Labor (DOL) in Training and Employment Guidance Letter (TEGL) 17-05 (February 10, 2006). All staff should review this TEGL in detail to understand the specifics of the Common Measures.
For Program Year 2008-09, for the purpose of official program accountability, the State will negotiate separate performance goals for each program with the Department of Labor and with each Local Learning Lab. Also, for the purpose of evaluation, integrated program goals will be defined and monitored. The following guidelines will govern outcome measurement in the learning labs:

• Inclusion of All Customers in the Common Measures Calculations

A job seeker is included in the accountability measures at the point the job seeker has been determined eligible and receives a service funded by a participating program within a One-Stop Career Center, affiliated site, or remotely through electronic technologies. All adult customers are eligible for the WPA program thus all individuals that receive the benefit of WPA services are subject to WPA accountability. All customers 18 years of age and older who receive an initial assessment will also be reported under the WIA Adult program. The only exception, a customer determined to be a dislocated worker and whose direct services are all reported under the Dislocated Worker Program will be reported as a WPA customer and under the Dislocated Worker Program. If a customer receives services reported under both the Adult and Dislocated Worker programs, the customer will be attributed to both programs. Adults or Dislocated Workers that receive training funded by TAA will be reported as both Adults or Dislocated Workers and recipients of TAA services.

• Point of Exit
The customer is exited from all enrolled programs when 90 days has elapsed since the last enrolled service estimated completion date. All services must be reported through the MIS designated as the official system for the local partnership and reported to the State in accordance with Job Training Automation (JTA) system reporting requirements. Please refer to the section titled MIS Requirements below.

If a customer does not receive a service for 90-days and a documented gap in service has not been recorded through the MIS, the customer is automatically exited from the program on the 91st day. The 91st day is calculated based on the JTA Enrollment Form Est/End Date for the last reported service. The exit date for the customer is the last date of service. The exit quarter is the calendar quarter containing the last date of service. The table below provides two examples.

<table>
<thead>
<tr>
<th>CUSTOMER</th>
<th>SERVICE BEGIN DATE</th>
<th>EST/END DATE</th>
<th>91st DAY</th>
<th>EXIT/EXIT QUARTER</th>
</tr>
</thead>
</table>

ACTION:
Bring this directive to the attention of all Tulare County Workforce Investment Board staff and One-Stop Operators.

INQUIRIES:

Please direct inquiries about this directive to the Tulare County Workforce Investment Board Administration office, at (559) 713-5200.

### COMMON MEASURES

#### ADULT MEASURES

**Entered Employment**

*Of those who are not employed at the date of participation:*

- # of adult participants who are employed in the first quarter after the exit quarter
- # of adult participants who exit during the quarter

**Employment Retention**

*Of those who are employed in the first quarter after the exit quarter:*

- # of adult participants who are employed in both the second and third quarters after the exit quarter
- # of adult participants who exit during the quarter

**Average Earnings**

*Of those adult participants who are employed in the first, second, and third quarters after the exit quarter:*

- Total earnings in the second plus the total earnings in the third quarters after the exit quarter
- # of adult participants who exit during the quarter

---

### ATTACHMENT 4

#### YOUTH MEASURES

**Placement in Employment or Education**

*Of those who are not in post-secondary education or employment (including the military) at the date of participation:*

- # of youth participants who are in employment (including the military) or enrolled in post-secondary education and/or advanced training/occupational skills training in the first quarter after the exit quarter
- # of youth participants who exit during the quarter

**Attainment of a Degree or Certificate**

*Of those enrolled in education (at the date of participation or at any point during the program):*

- # of youth participants who attain a diploma, GED, or certificate by the end of the third quarter after the exit quarter
- # of youth participants who exit during the quarter

**Literacy and Numeracy Gains**

*Of those out-of-school youth who are basic skills deficient:*

- # of youth participants who increase one or more educational functioning levels
- # of youth participants who have completed a year in the program (i.e., one year from the date of first youth program service) plus the # of youth participants who exit before completing a year in the youth program
